Getting It Built

Group Workshop for Building Cohousing Communities

Organized by Mission Peak Cohousing

Want to live in a cohousing community?

Make it happen! More cohousing communities have been started by *Getting It Built* Workshops than by any other method in North America.

Avoid “reinventing the wheel”! Learning from the experience of others saves money and delay.

Membership

Learn how to:

- Organize your group
- Work together efficiently
- Make decisions effectively
- Build and grow your community
- Define your role, the group's role, the role of professionals

Development

Get vital guidance for:

- Finding a site
- Designing a community
- Working through the approval process
- Hiring and managing construction professionals
- Incorporating maximum sustainability practices

Technical Issues

Take control of:

- Financial realities (costs)
- Financing options
- Ownership structures
- Your project's progress and budget

Conducted by Kathryn McCamant and Charles Durrett

CoHousing Solutions / McCamant & Durrett Architects

They introduced cohousing to North America and have 25 years' experience designing, building, and living in it.
